

BED REDEFINER

TOUGH-ASK ANY PRO

“We ran four BRD’s this summer and, instead of doing the work with a spade edge, they resulted in a 15% cost savings equivalent to almost seven personnel. It also reduced the amount of waste we’d bring back to the yard and we didn’t need to worry about it showing up every day – it was there in the tool trailer all the time. This is a tool the industry definitely needed.”

BED REDEFINER

Keep Flower Bed Edges in Shape!

The BRD-280 Bed Redefiner is ECHO's most revolutionary product to date. Bed edges erode over time and need to be redefined. The old way was to use a shovel – but it's tough, time-consuming work. The BRD-280 cuts a crisp, beveled groove leaving a professional, manicured look. It features ECHO's performance class 28.1 cc Power Boost Vortex™ engine and a six-finger cutting claw manufactured from high-grade steel with specially designed carbide tips on each cutter for improved durability and performance.

28.1 cc Power Boost Vortex™ engine

21.1 fl. oz. capacity see-through fuel tank

Rubber throttle control handle

ECHO Quality Backed by an Extensive Warranty

5 year Consumer Warranty

All ECHO Bed Redefiners feature a 5 year* consumer, 2 year commercial and 90 day rental warranty as well as a lifetime warranty on the flexible cable drive and ignition module.
